

The digital apprenticeship service explained

In addition to the DAS account that forms part of the Digital Apprenticeship Service, employers will also be able to access the following through this service. *(This also applies to non-Levy paying employers):*

- Select an Apprenticeship Framework or Standard.
- Choose a Training Provider to deliver their training requirements.
- Choose an End Point Assessment provider for the Standards delivery.
- Post Apprenticeship vacancies.

By 2020 it is anticipated that all employers will be able to use the digital apprenticeship service to pay for training and assessment.
